

Undergraduate Perspectives Rubric – Adopted 11-19- 2014

TRAIT	Unacceptable (1-2)	Acceptable (3-4)	Excellent (5-6)	Score
Identification of Various Stakeholders	Identification of no stakeholder groups.	Identification of core stakeholder groups and the differences in their points of view.	Detailed/comprehensive identification of all stakeholder groups and the differences in their points of view.	
Analysis of Issue(s)	No or minimal analysis of key issue(s).	Adequate analysis of key issue(s), but only with respect to at least two stakeholder groups.	Clear, accurate and somewhat detailed analysis of key issue(s), considering multiple points of view.	
Application of Analysis to Resolving the Issue(s)	No recommendation on how to resolve the issue(s) is offered; or the analysis and final recommendation are inconsistent.	Adequate analysis of specific situation is done and an acceptable recommendation on how to resolve the issue is offered.	Clear/strong analysis of specific situation; solid recommendations that follow from the analysis on how to resolve the issue are offered.	

Goal: Our students will consider diverse points of view and apply them toward issue resolutions.
